

796-Error Unsupported File Type When Downloading Code to NetLinx Masters

Symptoms:

- Code will fail to download completely when transferring to a Netlinx Master.
- Some files will transfer to the Master but not all.
- When sending files from Visual Architect this error is produced.

Cause:

The firmware on the Netlinx Master is Pre-Duet firmware and the Java files being transferred are not supported.

Resolution:

Update the master to the most recent version of Netlinx Duet firmware.

About HARMAN Professional Solutions

HARMAN Professional Solutions is the world's largest professional audio, video, lighting, and control products and systems company.
