

Question:

How do I factory reset my Lexicon 960L?

Answer:

To reset memory, do the following:

1. Power down the unit and making sure all the attached cards are seated well and properly.
2. Then, power up the 960L while holding both the PROGRAM and MACHINE buttons on the LARC. Keep holding these buttons until the unit beeps.
3. Let go and then wait for the boot menu.
4. Choose option 6 to restore factory settings OR you can choose option 7 to ALSO erase the user registers and session information.
5. Once you choose an option, then press I and enter to continue.

About HARMAN Professional Solutions
