

Question:

How do I factory reset my Lexicon LXP-15/15 II?

Answer:

1. Power OFF the LXP-15.
2. Power ON the LXP-15 while holding down the front panel VIEW button. The display will show 'LXP-15 Diagnostics'.
3. Turn ADJUST until 'Clear ALL RAM' is shown in the display.
4. Press VIEW; the display will show 'V (Press these to confirm) V'.
5. Simultaneously press the two buttons directly beneath the displayed arrows (the button farthest to the left and the button farthest to the right). The display will show 'Clear ALL RAM, (inits registers) Running . . .'
6. When the re-initialization procedure is successfully completed, the screen should show: 'Clear ALL RAM, (inits registers) passed, Press VIEW to start.' Power OFF the LXP-15 and power ON again to resume normal system operation.
