

## FAQ: How to set View Groups on Ui Series Mixers

### Question:

How do I set view groups on my Ui Mixer?

### Answer:

1. Click on UI logo at top right to show slide out on right side
2. Click and hold on VIEW GROUPS
3. At the top right, the View Group numbers will be listed. Toggle to the View Group you would like to adjust.
4. Click on the Channels you would like to show in the view group. Note: The number shown in white at the top right of each channel box is the order they will show in the view group.
5. When complete, go back to Ui Slide out on right, click on View Groups and click on each number to verify View Groups are set correctly.
