

PA2 Gain Structure and Limiter: Doc **for custom “Not Listed” Amps**

[The DBX DriveRack PA2 - Manually Optimizing Gain Structure](#) YouTube video demonstrates how to set proper gain structure when an amplifier is not listed in the PA2.

Gain Structure and Setting Up the Limiter

If your amps are not in the Wizard, you will need to familiarize yourself with the concept of setting your systems gain structure to optimize the system properly.

Please refer to [PA2 Owner's Manual](#) and video link (listed above) for more information on manually configuring your system and optimizing the gain structure for maximum output.

Note:

Please refer to the following for more info.

The PA2 Control App will be used for future speaker and amplifier updates as they become available.

Please refer to the following link for more info, videos & the current PA2 Control App pertaining to your pc or mobile device.
