

## Manage the Tunings in Your PA2:

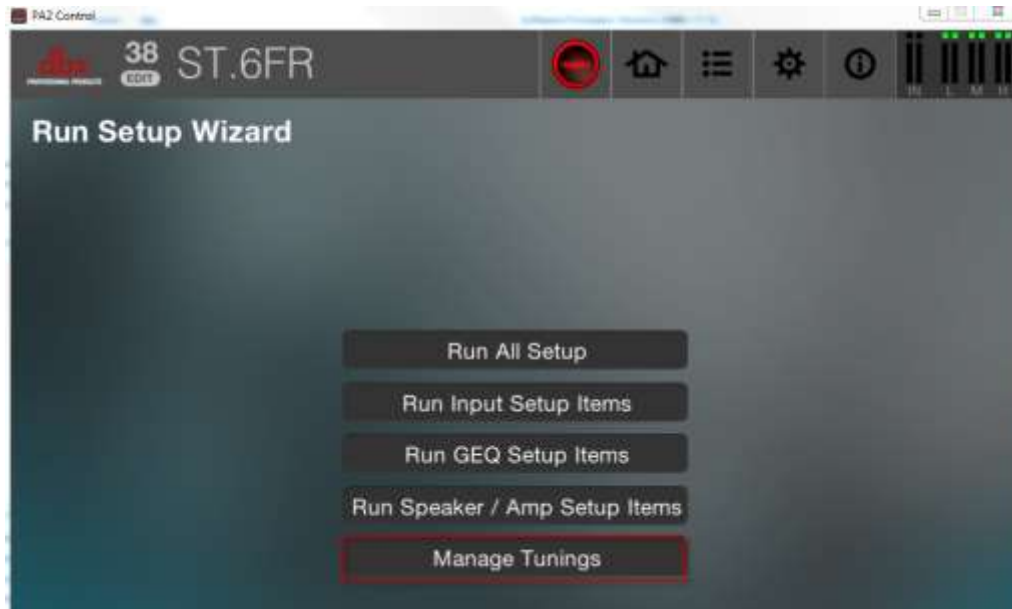

When new speaker tunings become available for the DriveRack PA2, you can access the updates over the cloud within the PA2 Control App. [Install the Application](#) if you have not already.

### Procedure:

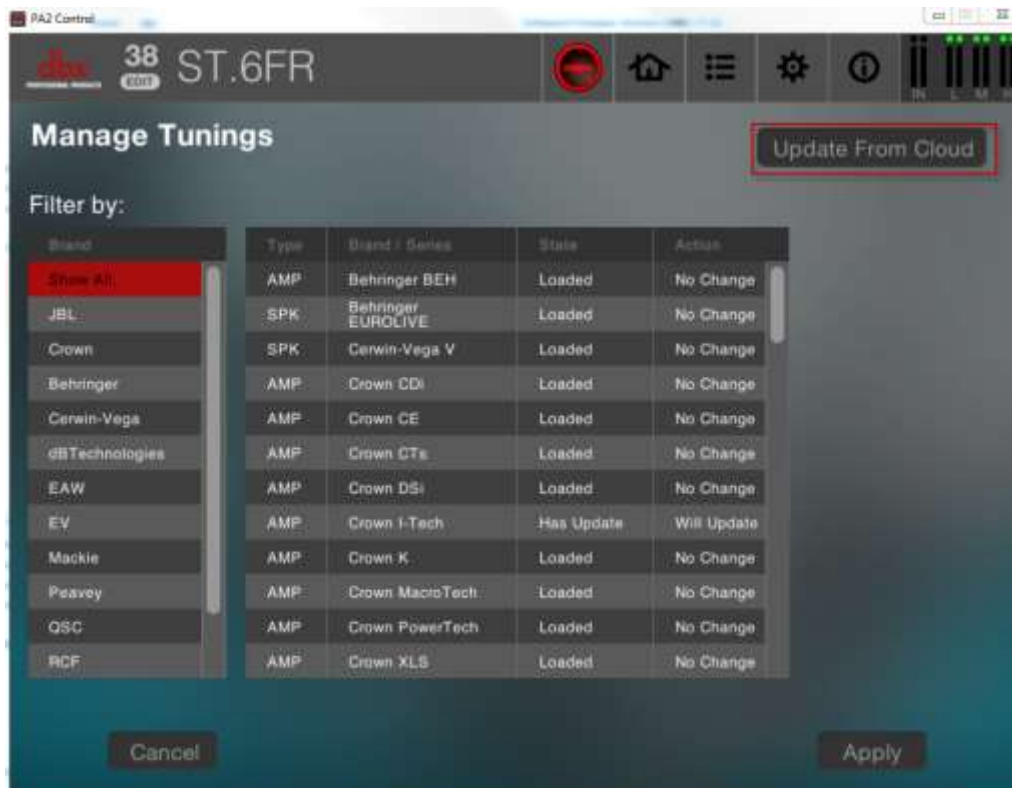

1. Click the WIZARD button on the top of the PA2 Control App

2. Select 'MANAGE TUNINGS'

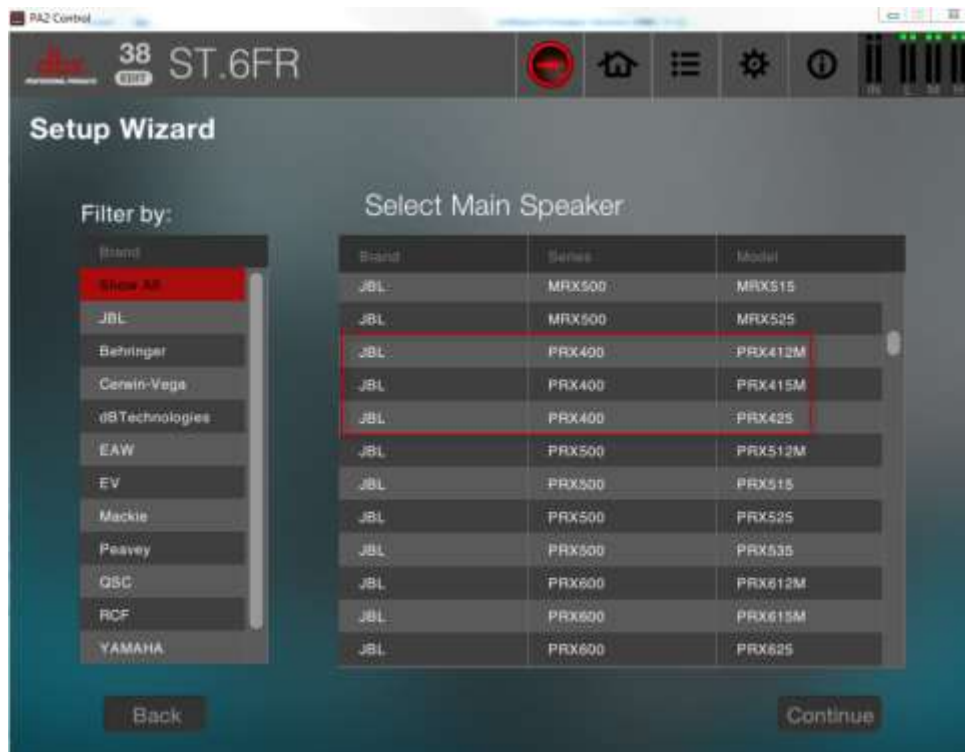

3. With an Internet Connection Made, select UPDATE FROM CLOUD and APPLY.

The JBL PRX400 is currently the only added Main Speaker selection.

Once added, the PRX400 Series will now appear in the drop list.

**Note:**

Be sure to perform this same procedure to look for newly added speakers.
