## Storing Fog & Haze Machines with Fluid

18-Jan-22

### Question:

Can I leave fluid in my fog/haze machine for extended periods when not in use?

### Answer:

Effect machines should not be stored with effect fluids in them for extended periods as this can not only reduce the quality of the fluid, it will reduce the operating life of the heat exchanger of the machine. It is recommended to use Martin Pro-Clean and Storage Fluid in effect machines if they are to be stored for extended periods of time without use.

#### About HARMAN Professional Solutions

HARMAN Professional Solutions is the world's largest professional audio, video, lighting, and control products and systems company. Our brands comprise AKG Acoustics®, AMX®, BSS Audio®, Crown International®, dbx Professional®, DigiTech®, JBL Professional®, Lexicon Pro®, Martin®, and Soundcraft®. These best-in-class products are designed, manufactured and delivered to a variety of customers in markets including tour, cinema and retail as well as corporate, government, education, large venue and hospitality. For scalable, high-impact communication and entertainment systems, HARMAN Professional Solutions is your single point of contact. [www.harman.com](http://www.harman.com)
