Crown by HARMAN

HARMAN A SAMSUNG COMPANY

v1.0   CDi, DSi & XTi USB Port   09-Apr-21

Question:

What is the USB port on the back of my CDi, DSi, or XTi amplifier for?

Answer:

You can use this port to connect the amp to HiQnet Audio Architect. HiQnet Audio Architect is used to control, configure, monitor, and update firmware on many Harman devices including Crown amplifiers.
