Control Cable for Intellivox Speakers

09-Apr-21

Question:

What kind of cable should I use for controlling and monitoring Intellivox devices?

Answer:

The cable should be a type suitable for data transfer with two individually shielded twisted pairs, for example:

- Belden 'Datalene' series nr. 9729 2-pairs
- Belden 1902A or equivalent
- VDC Contractor RS422 2 pr (9729 equivalent)
- BICC Brand-Rex H9002 AWM 2493

NOTE:

Ethernet (Cat5/Cat5e/cat6) cable may work, but is NOT recommended for long term installation/use.

About HARMAN Professional Solutions

HARMAN Professional Solutions is the world's largest professional audio, video, lighting, and control products and systems company. Our brands comprise AKG Acoustics®, AMX®, BSS Audio®, Crown International®, dbx Professional®, DigiTech®, JBL Professional®, Lexicon Pro®, Martin®, and Soundcraft®. These best-in-class products are designed, manufactured and delivered to a variety of customers in markets including tour, cinema and retail as well as corporate, government, education, large venue and hospitality. For scalable, high-impact communication and entertainment systems, HARMAN Professional Solutions is your single point of contact. www.harman.com
