EON600 Series Power Specification

22-Apr-22

Question:

What are the power requirements for the EON600 series speakers?

Answer:

The unit will power up with all AC power types, from 100 to 240 volts AC at 50Hz or 60Hz.

- For 100-120 volt operation the voltage selection switch must be in the 115 volt position.
- For 220-240 volt operation the voltage selection switch must be in the 230 volt position.

About HARMAN Professional Solutions

HARMAN Professional Solutions is the world's largest professional audio, video, lighting, and control products and systems company. Our brands comprise AKG Acoustics®, AMX®, BSS Audio®, Crown International®, dbx Professional®, DigiTech®, JBL Professional®, Lexicon Pro®, Martin®, and Soundcraft®.
