Changing the Zone Name on Contrio Controllers

3-May-23

Question:

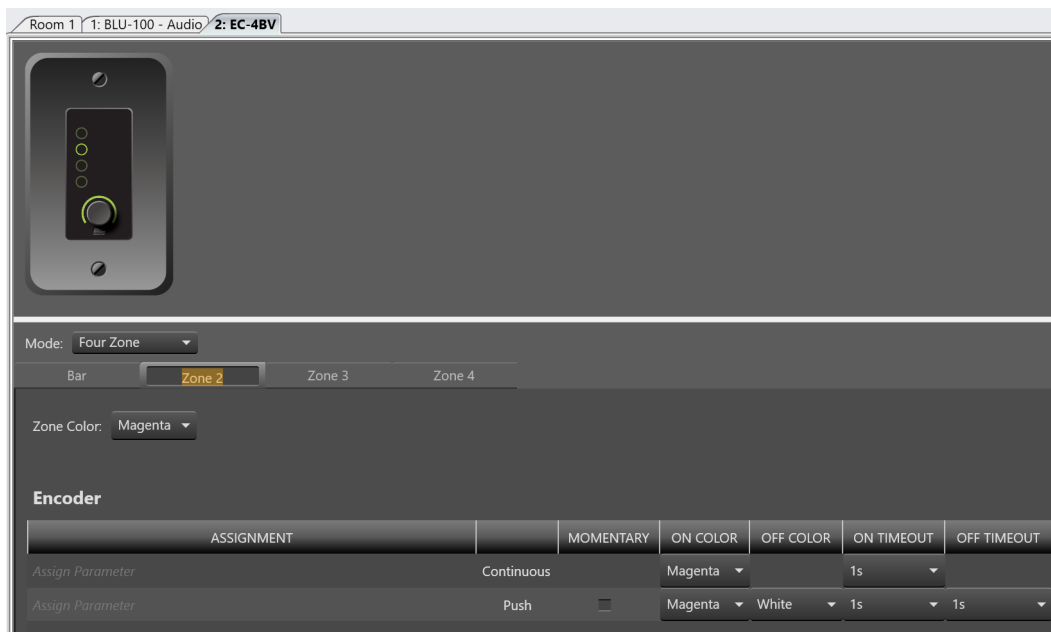

How do I change the Zone button label on the EC-4bv and EC-8bv in 4 Zone Mode?

Answer:

When using the EC-4bv or EC-8bv in multi-Zone mode, the default name is displayed as the button label [Zone 1, Zone 2, etc.].

To change this text you must be off line in Add Devices Mode:

- Double click the EC controller in Audio Architect to enter the editor for this controller
- Double click on the Tab label to edit the text
- Hit Enter when done and repeat for the remaining Zones Tabs
- Go Online and load the controller

Changes will be reflected after the load completes.

About HARMAN Professional Solutions

HARMAN Professional Solutions is the world's largest professional audio, video, lighting, and control products and systems company. Our brands comprise AKG Acoustics®, AMX®, BSS Audio®, Crown International®, dbx Professional®, JBL Professional®, Lexicon Pro®, Martin®, and Soundcraft®.
