

How to Daisy Chain EON Speakers

Question:

How can I Daisy Chain two EON speakers?

Answer:

From the back of the speaker, look for the Mix Out/Pass Thru XLR port, you will need to connect either Female XLR or ¼ inch cable depending on the model.

To the second speaker you will plug your Male XLR, or ¼ inch cable to any available channel.

NOTE: Remember to adjust [Gain](#) and Master Level on both speakers.
